

TRI-WEEKLY ELY RECORD.

WEDNESDAY.....SEPT. 11, 1873

LOCAL ITEMS.

INDIANS ON THE MUDDY.—We have of late heard many reports regarding the manner in which the Indians on the Muddy are conducting themselves toward parties passing through and to residents of St. Thomas and St. Joseph, in this county. Their acts have been of such a nature as to call for the immediate attention of the new Indian Agent residing in this city. Not long since a man named James was chased to his dwelling, several shots fired at him, and two of his fingers nearly cut off with a shovel by Indians. Another by the name of Stewart was fired at several times, took refuge in his house and was so thoroughly frightened that he sold his place at a very low figure and left the county, glad to get away with a whole skin. Our County Assessor was both cred going through the lower part of the creek and they went so far as to demand toll of him for the privilege of passing along a certain road. Curtis thought they were making a big bluff and played it back on them and got away with it, but it was "a hard close game." He informs us that these Indians will put any man out of the way who they think will not be missed. Wesley Williams and party were considerably annoyed at the crossing of the Muddy. Citizens of St. Thomas say the Indians are running around the village in the middle of the night with lighted torches, as the Indians say, for the purpose of catching rabbits, but the citizens have cause to think different, and apprehend trouble at any moment. The Indian Agent should be there and make his permanent residence where the Indians are, instead of where they are not. If something is not done, and that speedily, trouble will ensue. A large number of these "Reds" have Henry rifles and six shooters and are much better armed than the Whites. We advise our Indian Agent to see to these matters immediately, and also that no powder, lead, etc., is sold or traded to them by storekeepers.

IMPORTANT NOTICE TO POCHE SHIPPERS.—A great reduction of freight has been made by the C. P. R. Co. Company on grain and flour shipped via Tonno, by establishing the following rates:

From Marysville, 80 cents per hundred. From Sacramento, 75 cents per hundred. From San Francisco, 85 cents per hundred.

The foregoing rates will take effect June 20, and remain in force till August 20. The name of consignee must be marked in full, or former rates will be charged.

F. F. MARX, Forwarding and Com'n Merch't.

DESTRUCTION OF THE BOWERY MILL.

Yesterday morning, just about daylight, while the Bowery mill was in good running order and everything seemed to be all right, the engineer states that he went outside for a few moments, and was unable to get back into the engine room, it being all in a blaze when he attempted to do so. It appears that a spark escaped from the furnace and lodged in the wood-work, and the wind blowing quite freely at the time, it took but a moment to envelop that entire end of the building in flames. At that time in the morning very few people were in the vicinity of the mill, and it was utterly impossible to save anything; and the Bowery mill, at this writing, is a mass of charred ruins. The loss sustained is great, both to the company and to the public. Mr. A. J. Blair, the Superintendent, has been unceasing in his efforts to make the Bowery a success, and now a single spark has destroyed all his hard labor. The sympathy of the community is with Mr. Blair, who is a most deserving young man and has struggled faithfully to attain the position he now holds. During his administration he has never allowed a moment to pass in idleness. He had the mill built and to any in this District, and took particular pains to superintend the entire work, even to the laying up of a board. The building was supplied with hose, attached to the pumps, and Mr. Blair had given instructions to the engineer never to allow them taken off, so that they might always be prepared for accidents, should any occur. The Bowery mill is now in good working order. The hoisting works steamed up yesterday for the first time, and the hoisting of ore will in future be the constant employment of the iron horse.

ASHIM BROS. MODS OPERANDI FOR THE PEOPLE.

THE LATEST AND THE BEST. THE BEST QUALITY OF GOODS IN THE MARKET AT ASHIM BROS.

THE LOWEST PRICES. THE NEWEST FASHIONABLE AND SUBSTANTIAL CLOTHING, HATS, BOOTS AND SHOES.

GOODS DELIVERED FREE OF CHARGE TO ANY PART OF THE CITY.

GENTLEMANLY AND POLITE CLERKS TO SHOW GOODS, AND SATISFACTION GUARANTEED.

FOR ANYTHING FROM A SKIN OF THREAD TO A QUARTZ MILL, GO THE PIONEER CHEAP HOUSE OF ASHIM BROS.

THE CUT-OFF.—For about ten days past Gilmer & Salisbury have been running over their new road between here and Beaver river, by which they save about 50 miles over the old route. The new road is a great improvement on the old one, in every particular, and the erect, and proper equipment of the necessary stations is progressing as rapidly as possible. Men are now at work on the road, and before winter sets in it will be in the best possible condition. Seventy-five hours are now consumed in making the trip between here and Salt Lake City, but it is intended to reduce the time to 48 hours as soon as the stations are all right on the new road. The time can be reduced one-half just as well as not, for the stock is first rate, the road splendid, and the drivers the best with whom we ever rode. But the cooks on the route need waking up to improve the time, and the bill of fare requires a little change, to give satisfaction. Too much bacon and eggs become monotonous. Set the price up, and cast in a spring chicken occasionally.

At the "Wilman's House," as good meals are served for 50 cts, as can be had in the city for 75.

GONE TO POCHE.—Wm. Manning has removed his fine stock of jewelry to Pioche, where he intends to establish himself in business. Manning was one of our best citizens, a strict business man, and his many friends regret his departure from among us. We can safely recommend him to our neighbors in Pioche, and wish him success.—[White Pine News.]

Mr. Manning has arrived. Yesterday his genial countenance illuminated our office, and in a few days his splendid stock of jewelry will dazzle the eyes of our community.

Good Music.—Mr. Fisher, who is probably one of the finest musicians on the Coast, proposes to give a concert on Wednesday evening, September 18th, at the Theatre. He will be assisted by a number of young ladies and gentlemen of Pioche. As a violinist Mr. Fisher ranks with Ole Bull, and we would say to all lovers of good music that they should not fail to embrace the opportunity of listening to the vocal and instrumental music that will be presented on the occasion. Tickets will be issued in a day or two when notice will be given through these columns where they can be obtained.

BISHOP BROS. have just received a large and fine assortment of Perfumery, Toilet and Fancy Articles, such as Florida Water, Pomades, Hair Oil, Cold Cream, Creme de la Rose, Laid's Bloom of Youth, Bazar's Tooth Paste, Steinberger's Glycerine, Honey and Elder Flower Soap, Lubin's Soaps, etc., etc., which, together with a full stock of Chemicals and Medicines, they are selling at the lowest market prices.

FIREMEN.—JURY DUTY.—By the statutes of this State firemen are exempt from jury duty; but under the ruling of District Judge Fuller a citizen must be an active fireman, attending the meetings regularly, unless able to give a valid excuse, and paying up his dues promptly. The statute exempting firemen from jury duty is very proper; but under Judge Fuller's ruling it will not do to "play" fireman, simply to avoid an onerous duty which other citizens have to perform, and many times to the serious detriment of their business. In common with all good citizens, we feel an interest in the efficiency of the Fire Department, and hope all members will attend the meetings promptly.

WILSON & SOLOMONS, in Fulk & McAlpin's saloon are in constant receipt of full supplies of news matter of all kinds from the East and West, and stationery of every variety they keep always on hand. They also make a specialty of cigars and tobacco and their brands of these articles are not surpassed by any firm in town. For the accommodation of the reading public they also keep a fine circulating library.

CLOUD BURST.—We learn through Wesley Williams, who, it will be noticed in another item has returned to Pioche, gave us a description of a cloud burst at the mouth of Clover Valley Wash. He states that the water came down in torrents, making a regular river with a depth of about ten feet. It carried everything before it, even boulders weighing at least three tons, and made its course direct to the Muddy river. Parties living in that country say that the full of water was never equaled in that section.

ATTEND TO YOUR TEETH; don't wait until they ache and then in language of regret say you would give most anything to have them. Go at once to Dr. Nichols, Main street, and avoid sleepless nights. Save your stock of patience and, what nature intended, your teeth. se8

SETTLEMENT.—From a letter received by Mr. Watson, Superintendent of the Newark and Chapman mines, from Mr. Willie, Secretary of the Grey Eagle, we learn that arrangements have been perfected for the settlement of all troubles between that company and the Setting Sun, by the consolidation of both claims. We are glad to learn this as we have numerous friends in both companies. As the claims are looking well there is no doubt that money will be made by all concerned. A full report will be given when the consolidation goes into effect.

IN ALL CASES, of whatever nature, Dr. D. H. Whipple guarantees a sure cure. In cases of venereal diseases, piles of long standing, chronic diseases, etc., a cure is effected without the use of mercury. He cures piles in a short space of time. Consultation strictly confidential. Office at Mrs. Pyle's Lodging House—Room No. 5.

CATHOLIC CHOR.—Prof. Nagle, assisted by the ladies, last Sunday sang Lam-billotte's mass. He has been for some time preparing this enchanting mass, and Sunday was the first time it was produced in this city, when it met with the most flattering success. We take pleasure in complimenting Prof. Nagle for the manner in which he has schooled his assistants in that very difficult piece of music.

A CIRCULATING LIBRARY affords a cheap means of obtaining good reading matter, and at a trifling expense. C. Weiderhold furnishes novels and standard works for 25 cents. He also keeps on hand stationery, cigars, tobacco and smokers' materials. His establishment is on Main street, opposite Meadow Valley. se8

GOODS RECEIVED.—Messrs. F. Wheeler & Co. have beat the town in furnishing nails. Teams arrived from the East yesterday, with 230 kegs of nails—enough to build any quantity of houses. A large assortment of all kinds of hardware arrived in the same train, and those wishing a supply in the above-named goods would do well to call and see Messrs. F. W. & Co.

CIRCULATING LIBRARY.—Folk & Levin on Main street have just received the latest and best publications at their extensive circulating library, and they offer it to the public at 25 cents per volume. Call and see them.

MINING ADS.—The sale of the Spring Mountain Tunnel is postponed to the 23d. The American Flag and Hercules companies have levied assessments.

A NEW HOTEL.—Pioche continues to improve. A fine hotel at last! In two or three weeks an institution will be finished that will add greatly to the comfort of the traveling public. The old Skating Rink grounds are now being graded, and a building 30 by 70 feet will be erected. The front will be finished in rustic style, with French balconies. There will be 25 rooms in the house, furnished with rich black walnut furniture and fine spring mattresses, ordered from San Francisco. Each room will be supplied with hot and cold water, with faucets and all other conveniences found in large cities. Four bath rooms will be attached to the house, for the use of boarders. The hotel will be called the "San Jose," and kept by Mrs. Pyle, formerly proprietress of the Grand Hotel on Meadow Valley street. The architect, Mr. De Lacy, judging from the drawing, has a perfect conception of that line of business, combined with excellent taste. Messrs. Carr & Co. are the builders, and the principal street of Pioche, before a great while, will be dressed with another fine edifice.

HOME AGAIN.—Wes. Williams, an old prospector, well and favorably known in this camp, arrived in Pioche on Sunday last, after an absence of 20 days. He has been on a prospecting trip to Ivanpah, about 350 miles distant, but found nothing worthy of attention. There is only one mine being worked in that district—the Highton Chatfield—which produces ore assaying from \$4,000 to \$10,000 per ton. Wes. wants no more prospecting in his, and regards Ely District as his mining "affinity."

TRAVIS BROS. have an exchange stable, in Bullionville in connection with their shoe business. Saddle horses to let for \$2.50 to ride either way. No stable bill will be charged on our saddle horses at either end of the road.

FOR SALT LAKE.—S. A. Kenner, a fellow craftsman and for some months connected with the telegraph office in this place, took his departure Monday last for Salt Lake City. He will sojourn in the City of the Saints for the time being, and will call upon the business men of Salt Lake on behalf of the Record office. Mr. Kenner, while here, made many friends by his prompt attention to business and readiness to accommodate all thrown in business contact with him.

Don't forget that at Wilman's the best meals can be had obtained for 50 cts.

NEW FIRM.—We call attention to the card of Messrs. Durkee & Goodspeed, watchmakers and jewelers. Mr. Goodspeed is well known as an accomplished workman, and is the pioneer watchmaker of the city. Mr. Durkee, formerly of Rosenthal's jewelry store, is also a most excellent workman, and thoroughly posted in the business. Our citizens will find these gentlemen pleasant and agreeable and thoroughly competent and reliable in all business entrusted to them. We predict for them a large patronage.

TRAVIS BROS. are up with the times in the lively business. In addition to their establishment in this place, they have an exchange stable at Bullionville. Patrons will be properly served at either establishment. se-4

"OLD BOSS."—That cullud pusson, "Old Boss," who has declared himself for Greeley, created considerable amusement last evening among the many that throng our streets. He met Jeems, another Ethiopian of a lighter shade, and declared himself a Nigger Democrat, anxious to have a fight on the subject if any colored individual should oppose his views. Jeems, it being a quarrelsome individual, left Boss in disgust, amid the laughter of all the lookers-on.

ANOTHER CONCERT.—Mr. Stanley, a celebrated pianist, who has given concerts all over the coast with great success, has arrived in town, and will favor the citizens of Pioche with a concert on Tuesday evening next. He will be assisted by the ladies of Pioche, the Pioche Glee Club, and numerous other performers. Our citizens may expect a rich treat, as it will probably wind up with the pantomime of "The Four Lovers."

TRIAL OF THE HOSE.—Last evening the Hose Company made a trial of the water from the plugs and it worked to the satisfaction of everyone, throwing water over Halpin & Co.'s flag staff, about 140 feet high, and with a force that would do all the service required. We may now boast of water works equal to any in the State.

CUTTING & CO.'S California Canned Fruits, Jellies and Jams are far superior to all other brands. For sale by all first-class grocers.

DISTRICT COURT.—Courtney's case came up again yesterday morning. A large number of jurors were examined and excused, which exhausted the venire. A new venire was issued for 40 more, returnable at 1 p. m. to-day. This makes 210 jurors that have been summoned on this case. Perry Fuller's case is set for this morning at 10 o'clock.

SERENADERS.—Evening before last sweet strains of music were heard through the town, and about midnight the party managed to get as far as this office. We were compelled to turn out, the music was so charming. Messrs. Arnold and Ely will accept thanks and call again.

We are authorized to state that Hon. Frank Tilford, before leaving here for his home in Salt Lake City, will address the citizens of Pioche and vicinity on the political issues of the day. Due notice will be given of the time and place.

Go to Wilman's to get a good meal for fifty cents.

GONE EAST.—A. A. Dollif, one of the pioneers of Pioche, left on the Salt Lake stage for Down East. He has turned over his constabulary to D. W. James, who has full power to discharge the duties of that office.

REMOVED.—Doctor Bergstein, Physician and Surgeon, has removed his office to White's building, over the State Bank of Nevada.

No. 1 cooks and gentlemanly waiters at Wilman's

POSTPONEMENT.—The raffle for a gold watch and chain that was to have come off at the Hamilton Saloon last week has been postponed until Sunday evening, the 15th inst. sell-2*

NATIONAL RESTAURANT.—This is one of the most desirable eating establishments in town. Meals are served in good style at 75 cents.

A pleasant hour may be passed at Clancy's Saloon, where all the papers are kept on file for the use of patrons. sell

Mr. M. Browsey, Street Commissioner of Eureka, is here on a visit, and will return in a few days.

A SAN FRANCISCO DISPATCH of the 5th contains these items in regard to Pioche mines:

The Pioche Phenix Mining Company, to operate in Ely District, Nevada, capital \$4,000,000, trustees, Robert Sherwood, Geo. W. Beaver, C. W. Fox, E. Donahoe and Daniel Murphy, was incorporated to-day.

The dividend of \$7 per share just declared by the Raymond & Ely Company makes \$2,115,000 paid to the stockholders since January, 1871, by that company. The company carries over \$90,000, and will increase the dividend to \$10 next month.

STAGE UPSET.—The stage which left Pioche, yesterday morning, upset about 12 o'clock last night, 70 miles from here, caused by breaking a thorough-brace, striking a chuck-hole, injuring several passengers, among them, Frank Serley had his arm severely bruised, Mrs. Lowell having her face and body bruised, J. J. Paul received slight injuries on the head, and Jack Nagle had his left shoulder slightly injured. The stage company here have procured medical aid and are doing all in their power to relieve those hurt.—[W. P. News, 7th.]

THE Liberal Republicans and Democrats of the 2d District of California made a perfect fusion in nominating a candidate for Congress. The roll of Democratic delegates was first called, when Coggins (Republican) received 33 votes; the Liberals voted solid for Coggins, and he was nominated on the first ballot.

WILFORD TIBBETS, the man shot by Wm. Wilson at Salt Lake City on the night of the 3d, died on the 4th at 11 p. m.
